- Adjourn

1. Minutes were approved. Walter moved, Eric seconded. Approval was unanimous.
2. Park Plan Update. Davis brought handouts. Handicapped ramps would be built onto the southeast corner of the Dutton Structure. Curved ramps will be built into the younger kids swings and the spring rockers. A longer ramp will be built into the older kids swings. Curb cuts will be needed for the swing sets and spring rockers. Work could be done with Gazebo construction. The plans are about finished and await pickup from the architect. The plans include the entrance gate and water fountain. Melinda will pay for the permits when they are issued.
3. Discussed placing pingpong table in large unused area. Concern was expressed about interfering with Bert's large tent. Other areas were also discussed. We will meet at the park before our next meeting to look at alternatives. Net design needs to be figured out.
4. Water tower repairs are still scheduled. David will work out a time with Bill and Joe.
5. Margaret and Beth will work on a donation sign.
6. Adjourn @ 7:45pm. Our next meeting will be September 28.
